31. Protection for Mortgagees and Title Insurance Companies:

That the owner of any encumbrance made for value on any said lot or lots and any corporation insuring the lien of such encumbrance may conclusively presume that no breach exists under these conditions and restrictions provided such encumbrance is recorded in the Office of the County Recorder of Luna County prior to the commencement of any action to establish any such breach and not within sixty (60) days after the recording of any Notice of Claim of Breach, anything contained herein to the contrary notwithstanding.

PROVIDED, that a breach of any of the foregoing conditions and restrictions, shall not affect, impair, defeat or render invalid the lien charge or encumbrance of any mortgage or deed of trust made for value which may then exist upon said land, which said mortgage or deed of trust shall be and is hereby declared to be a prior and superior lien to the rights in favor of any person or persons under and by virtue of these conditions and restrictions; provided, however, that in the event of a foreclosure of any such trust deed of mortgage, or if the owner of the note secured by such trust deed or mortgage acquires title to said land in any manner, whatsoever in satisfaction of indebtedness, then any purchaser at the foreclosure of Trustee's sale, or any said note owner acquiring title as aforesaid agrees that said property so acquired by them shall immediately upon said acquisition become subject to each and all of the conditions and restrictions and right herein contained, but free from the effects of any breach occurring prior thereto.

FURTHER PROVIDED: Savings Clause and Exemption of Grantors. Notwithstanding anything herein to the contrary, Grantors shall have the full and complete authority to perform such acts which it deems necessary for the development and sale of lots within The Country Club Estates. Although Grantors may contribute to the maintenance of the recreational and common areas, it is understood that Grantors are not and shall not be held liable for the payment of any assessment provided for, in the Master Declaration by virtue of its ownership of lots within The Country Club Estates and that Grantors failure to pay said assessments shall not give rise to any right of imposing any lien or encumbrance upon lots owned by Grantors as security for the payment of said assessment.

FURTHER PROVIDED: Enforcement of the provisions of this document shall be the right of either the Grantors or the Grantees, individually or collectively, but in no case shall be the legal obligation of either.

32. Amendment:

Subject to the provisions of paragraph 7, the provisions of these restrictions, other than this paragraph may be amended by an instrument in writing signed and acknowledged by record owners of at least seventy-five per cent (75%) of the combined total number of Class A and Class B votes outstanding. Said AMENDMENT shall be effective upon recordation in the Office of the Recorder of Luna County, New Mexico, properly signed, notarized and executed affidavits reflecting the required majority affirmative voting.

33. Severability:

The provisions hereof shall be deemed independent and severable, and the invalidity or partial invalidity or unenforceability of any one provision shall not affect the validity or enforceability of any other provision hereof.

34. **Binding Effect:**

The provisions herein contained shall bind, inure to the benefit of, and be enforceable at law and in equity by Grantors, their successors and assigns, or by the grantee of any lot described above. Failure by Grantors, their successors, assigns or any grantee to enforce any of the restrictions, conditions and covenants herein contained shall in no event be deemed a waiver of the right to do so thereafter, and shall not subject Grantors, their successors or assigns to any liability for failure to enforce.

35. **Term:**

These restrictions are to run with the land and shall be binding on all parties and all persons claiming under them for a period of thirty years from the date these restrictions are recorded, after which time said restrictions shall be automatically extended for successive periods of ten years.

36. **Recreational Facilities:**

A club house of no less than 1,000 square feet will be constructed on the property by the Grantor no later than when twenty (20) individual units are occupied. At that time, a \$150.00 per unit dues assessment will be assessed by the Homeowner's Association.

The Homeowner's Association may request Grantor build a swimming pool, spa, or other recreational facilities when occupation of Country Club Estates exceeds 20 individual units. Membership dues at that time, and with the approval of no less than a two thirds majority of the voting entitlement, may increase an appropriate amount to accommodate the cost of said additional improvements, but in no case shall the dues per unit exceed \$400.00 per unit per year. In no event shall the cost of said additional improvements exceed the total contribution of dues from the Homeowner's Association.

IN WITNESS WHEREOF, The undersigned has executed this Instrument this 8th day of April, 1996.

DISCLAIMER

It is mutually understood and agreed that Michael Hofacket and Vickie Hofacket, his wife, are hereby subjecting that portion of the above described real property which they own to the provisions of this document. They are assuming no financial obligation with regard to the implementation of any and/or all of the planned improvements upon said property either expressed or implied. Forrest and Joyce Westmoreland, their successors or assigns, shall bear Grantor's responsibilities under paragraph 36.

Operating Guidelines of the Architectural Committee

We are all neighbors and property owners in Country Club Estates and strive to live together harmoniously. As owners, we agreed to abide by and faithfully observe the provisions of the Declaration of Restrictions for our community.

The Architectural Committee has the responsibility to each and every homeowner to assure that the restrictions detailed in the Declaration of Restrictions are complied with to everyone's mutual benefit and of course are applied uniformly and fairly.

Further, the Declaration of Restrictions, Section 30 Interpretation, states:

The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the development and operation of the real property and improvement thereon.

In fulfilling its duties in evaluating all applications and other issues brought before it, the Committee must indeed place a very high value on the needs, opinions and wishes of the CCEHA members and balance such with those of the petitioner within the construct of the Declaration. While a harmonious resolution is desired, such may not always be possible.

The Board of Directors may from time to time develop and adopt policies, positions and procedures relevant to development and operation of Country Club Estates including those that direct the activities of the Architectural Committee. The Committee will follow all such Board directives.

In order to conduct the business of the Architectural Committee (hereinafter the Committee) as detailed in, and in the spirit of, the Country Club Estates Declaration of Restrictions, the Architectural Committee hereby adopts these operating guidelines.

These guidelines and any future changes and amendments thereto, must be duly approved by the Board of Directors of the Country Club Estates Homeowners Association (hereinafter the Board).

If any part of these guidelines is determined to be in conflict with the Declaration of Restrictions (hereinafter the Declaration) or the Bylaws the Declaration and/or Bylaws, shall apply. Determination of such compliance or non-compliance shall be at the sole discretion of the Board. The members of the Committee shall serve at the pleasure of the Board.

I Means of Initiation of Committee Action

Any member in good standing of the Country Club Estates Homeowners Association (hereinafter either Association or CCEHA) must present plans for proposed alterations to their own property. Such alterations should be those that are described in the Declaration or other alterations, although not specifically described, which would be alterations in the spirit of the Declaration. Such plans should be in sufficient detail, including information on any governmental approvals and permits needed, applied for or received, to enable proper review by the Committee. The Committee may request such additional information as is needed for proper review.

Any member of the CCEHA or the Board may present a petition to the Committee for consideration of anything they feel is a violation of the provisions of the Declaration. A request for such consideration shall cite the specific section of the Declaration the petitioner feels is in violation and be in writing to any Committee member.

Any person or entity bringing such action in this Section is hereinafter termed petitioner.

The Committee may initiate action on any violation on its own determination of such violation.

II Process of Committee Action

When a matter comes before the Committee by process of Section I above, the Committee shall undertake the following process:

1. If the matter was brought before the Committee by a petitioner other than the homeowner, the Committee will also notify the homeowner in writing that such matter was received. Oral requests of the Committee will not be honored. The Committee may make community notice of such matter being received by the Committee.
2. The Committee shall meet and determine whether the matter falls under the Declaration restrictions per se, or the spirit of the Declaration, and is a matter that should be under Committee consideration. The Committee may determine that information furnished is inadequate and additional information may be requested.
3. If the Committee determines the matter is not under Committee jurisdiction for consideration, the Committee shall notify the petitioner and/or any relevant homeowner of such in writing within 15 days and may make community notice thereof.
4. If the Committee determines the matter is appropriate for Committee consideration and all necessary information for proper review has been furnished, it shall duly review the matter and make a determination of compliance or non-compliance with the Declaration. The petitioner and/or homeowner will be notified in writing of such determination within 15 days of receipt of a complete application or petition. Community notice may be made thereof.
5. If the Committee finds that the owner is in non-compliance, the committee will notify the Board of Directors who will then send a letter of Notice of Violation of Restrictions, giving the owner up to 45 days (as determined by type of violation) to remedy the violation. Such notice will be delivered to the property owner in accordance with Section 23 of the Declaration. Community notice may be made thereof.

Timeline to Correct Violations:

Weeds on Property: 15 Days from date of Notice

General Maintenance of Property: 30 Days from date of Notice

ie: Clean up dead or overgrown trees/shrubs, so as not to hinder service vehicle traffic in alleyways, pedestrian traffic on sidewalks or pose a threat to neighboring property.

Maintain appearance of walkways and drive ways

Repair/replace damaged wood features

Maintenance of Structure: 45 Days from date of Notice*

ie: Paint/stain all stucco and exposed wood features as needed

*Depending upon time of year, since we can't paint in certain temperatures.

III Possible Committee Actions

Committee decisions on any petition or other action will be by majority vote (2 out of 3).

The Committee will report on petitions received and actions taken on any matter at the regular Board meetings as well as other times as may be determined necessary.

Committee actions on any petition may result in any one of the following:

1. No action taken because the Committee determines the action proposed is consistent with, or with the spirit of, the applicable Declaration restrictions. Petitioner and/or owner are notified and action may proceed precisely as described in the petition. No action taken may also result from insufficient information being provided.
2. Committee determines petition is in violation of Declaration restrictions and either disapproves it or approves it contingent on compliance with any Committee conditions or changes the Committee deems necessary to bring the petitioned alteration into compliance. The Committee may alert the Board of its decision prior to notification to the petitioner and/or owner. The Committee will provide results of such Committee action to the petitioner and/or owner in writing.
3. If an owner proceeds to implement any alteration under consideration by the Committee, or any alteration disapproved by the Committee, or the alteration is a non-petitioned violation of the Declaration restrictions, the Committee will **ask the Board of Directors** to prepare a Notice of Violation of Restrictions. Such notice will be delivered to the property owner in accordance with Section 23 of the Declaration. If the owner ignores such Notice, Sections 29, 30, 31 and any other applicable Section may be implemented by the Committee.
4. **If an owner fails to comply with a Notice of Violation of Restrictions in the allotted time frame, the Committee may pursue the Owner for the violation in any of the following ways (depending on the type of violation): recording a Notice of Claim of Breach (pursuant to Paragraph 21 of the Declaration), pursuing self-help to cure the violation and charging the Owner for the cost thereof (pursuant to Paragraph 22 of the Declaration), and/or recording a Certificate of Assessment of up to \$1,000 (as determined by type of violation). In any and all cases, the committee shall inform the Board of Directors of any proposed action against an owner and require board approval prior to implementing such action.**

Fines for Violation of Restrictions:

Weeds on Property:	\$200
General Maintenance of Property:	\$500
Maintenance of Structure:	\$1000

IV Non-Agreement with Committee Determination

Any petitioner and/or homeowner may disagree with any Committee determination. They should immediately notify the Committee in writing providing reasons for such disagreement.

1. For good and valid reasons, the Committee may revise its initial Determination.
Any Determination may include conditions to bring the submitted or petitioned action into compliance with the Declaration.
2. Any unresolved dispute between a homeowner and the Committee will be resolved in accordance with Section 29 Arbitration, of the Declaration.
3. Any dispute between an owner and adjoining owner, or between an owner and any other petitioner relative to the provisions of Section 29 Arbitration of the Declaration, shall be detailed in writing by each of the disputing parties and submitted to the Committee.

V Community Notice

Additional to the notices required under Article 23 of the Declaration, the Committee in its sole discretion may also make community notice of any petitions received and actions taken thereon. Community notice may take any form the Committee determines, including posting on bulletin boards at the Clubhouse.

VI Conceptual Review

An alteration may be thought of as having two planning stages - concept and details. Review of a concept could forestall expensive preparation of detailed plans should the concept be determined to not be in concert with the Declaration. Any person may present early stage preliminary plans sufficient for conceptual review by the Committee. Any person may find this of benefit where some possible or perceived inconsistency or violation of the Declaration restrictions may result from the alteration. This early review could prevent unnecessary expenditure of effort and funds. Approval at concept stage still requires detailed plan review and approval by the Committee and is not to be considered assurance of such final plan approval.

VII Duration of Approval

1. Some alterations will be accomplished to benefit the current owner. Such alterations may be of no use to a resale owner who may not want or properly maintain the alteration.

The Committee in its approval, may require the current owner to properly remove the alteration upon resale unless the resale owner agrees that he needs and will properly maintain the alteration.

2. For other alterations of a temporary or non-permanent nature the petitioner will specify, within the petition, the duration of the alteration and adequate plans for its proper and prompt removal, cleanup, etc.

Although any petition approval by the Committee may not include or address, for whatever reason, removal and cleanup, this does not preclude the Committee from later consideration and action in this regard.

VIII Premature Alterations

Expenditure of funds or performance of work by an owner, whether or not substantial, in premature achievement or performance of an alteration that should have previously been submitted to the Committee for review, shall be totally disregarded by the Committee and not enter or influence in any way the Committee decisions.

IX Rented Property

Owners that are renting their property are as responsible for its maintenance and upkeep in accordance with the Declaration as owners in residence. Absentee owners are urged to make their renters aware of what they may need to do to assist the owner in complying with the Declaration. Owners should maintain current contact information such as addresses and telephone numbers with the Board.

X Vacant Property

Owners of vacant property must assure that lots with living units are maintained consistent with the provisions of the Declaration. As an example, allowing weeds to grow is a cause for concern and owners are urged to have someone available locally to periodically inspect and correct any such property deficiencies. Owners should maintain current contact information such as addresses and telephone numbers with the Board.

XI Actions of Grantor

The Committee has no jurisdiction relative to many of the actions of the Grantor as specified in various Sections of the Declaration. Any person may feel that the Grantor has done, or is doing, something detrimental to the community. In such instances, the person should contact the Board.

XII Amendment to Declaration

Some matters before the Committee may be of such significance, import and precedence to the Association that the Committee may determine the best course of action would be a recommendation to the Board that Declaration Article 32 Amendment be implemented.

This avenue is, of course, open to any CCEHA member.

XIII "Grandfathering"

All owners accepted and agreed to abide by the provisions of the Declaration, in particular Article 34, Binding Effect. Alterations performed by an owner prior to formation of the Association are not necessarily exempt from Committee review and jurisdiction. An alteration done prior to formation of the Association that was clearly in violation of the Declaration at that time and is still in violation is still liable to Committee review.

XIV Governmental Review

All required governmental reviews, approvals, inspections and the like of the alteration must be obtained and are a totally separate process; thus, an owner must also comply with the Declaration of Restrictions.

XV Position Papers

In order to achieve consistency and improve the quality of its decisions, the Committee from time to time may generate position papers dealing with how decisions will generally be made relative to certain and very specific Declaration restrictions. These would be submitted to the Board for its approval before adoption and use by the Committee.

These policies may change as experience and situations evolve and change.

XVI Conflict Of Interest

From time to time, an individual Committee member may request action by the Committee on an improvement to their own property; or an action concerning a Committee member may come before the Committee via the mechanisms of Section I above. In such situations, the Committee member shall declare himself or herself excused from the Committee relative to that particular action. The Committee shall then request the Board to appoint an interim member to act as a duly appointed Committee member solely on that action. The Board, at its pleasure, may also remove a Committee member if, in its sole discretion, it determines the member may have a conflict of interest in any action before the Committee.

XVII Temporary Appointments

In addition to the temporary appointment outlined in Section XVI, Conflict of Interest, in other instances it may be necessary for the Board to fill a Committee position temporarily.

Example: A Committee member is on extended leave whereby he/she is unable to fulfill the Committee duties. In such an instance, the member is to notify the Board in writing of their unavailability whereupon the Board, or a Board member designated by the Board, will act to temporarily replace the unavailable member.

XVIII Other Committee Responsibilities

1. At the Board's request, prepare budget estimates for operation of the Committee as an element of the annual budget.
2. Endeavor to work within the approved budget allotment to the Committee. In this regard, determine priorities for expenditures within the budget based on any shortfall between the submitted and approved budgets.

Cooperate, coordinate and work with the Board and other Committees.

XIX Definitions and Clarifications

Policies and Procedures for Complying with Regulations Relative to Age 55 or Over Communities

Date: April 4, 2002

Statement of Overall Policy

In response to the Housing for Older Persons Act of 1995, HUD has promulgated regulations (24CFR100.304 through 24CFR100.308) dealing extensively with property intended for housing age 55 or over residents and governed by a homeowner's association.

These regulations require substantial effort on the part of the Grantor, the Country Club Estates Homeowner's Association, Inc. (CCEHA) and all Country Club Estates (CCE) homeowners to assure compliance with the HUD regulations relating to housing for persons 55 years of age or older.

Discussion and Overall Policy

A development and association can specify any percentage figure for age 55 or over occupancy as long as it is 80 percent or more. See 24CFR100.305(h) copied in Section 13 below. To comply with the filed Declaration of Restrictions, the following must take place:

All sales, re-sales, leases, rentals and lease and rental renewals of real property in CCE, whether by the Grantor or any other owner, agent or assign, must have prior written approval from the Board, or a committee duly authorized by the Board for purposes of conducting and maintaining records of age verification surveys, prior to finalizing such sale, resale, lease, rental, or lease or rental renewal. The Grantor or any other owner, agent or assign must furnish written affidavits from the proposed grantee or renter providing certification that a person age 55 or over will be in residence on the property upon completion of sale or lease agreement or if a sale, at such time a living unit is constructed. The affidavit must contain a copy of any one of the documents specified in Section 10 below for the residents age 55 or over. If no occupant is at least age 55, then the Board must verify whether the sale or rental would violate the percentage specified in the filed Declaration of Restrictions. The Board may either approve or disapprove the sale or lease dependent upon whether or not the sale or lease would cause violation of the percentage stipulated in the filed Declaration of Restrictions.

The Board will conduct and continually maintain a verification of age survey of all homes. A complete age verification survey will be conducted by the Board at least every 2 years.

The following policies and procedures are intended to be consistent with the age 55 or over Declaration of Restrictions percentage requirement for occupation of CCE living units

ASSOCIATION POLICIES AND PROCEDURES TO COMPLY WITH 24CFR100.304 through .308 and the Appendix

The intent of Country Club Estates is to be a housing development for persons age 55 or older. All actions taken by the Association and the Grantor are intended to achieve at least the minimum percentage of residents age 55 or over required in the official Declaration of Restrictions and as permitted by HUD.

Following are the Association policies and procedures as referenced to specific HUD regulations:

1. HUD 100.306(a)(1), (2). The manner in which the community is described to prospective residents; and any advertising designed to attract prospective residents is relevant.

CCEHA Policy and Procedure. This requirement falls mainly to the Grantor and will include all media advertising including any websites. The community will be described as an age 55 or over community and will reference the percentage of age 55 or older residents required in the filed Declaration of Restrictions. The Grantor must get approval from the Board for any sale to a person where no resident is age 55 or older. The Grantor must provide the Board, prior to sale, documented proofs of the ages of all residents.

Current owners in subsequent selling and renting their property must specify that since CCE is an age 55 or over community, all buyers must certify in writing in the purchase or rental agreement that at least one resident will be age 55 or over. If no proposed resident is age 55 or older, the seller or renter must have Board approval for such sale or lease. Owners must provide the Board with documented proof of the ages of at least one resident age 55 or over that will occupy the living unit after the sale.

This applies to For Sale by Owner and Realtor listed properties. All advertising of the property and home fact sheets must specify that upon sale at least one resident must be age 55 or over. Any sale where no resident is age 55 or over requires Board approval.

Owners must have the certification in Appendix I in the purchase agreement and provide the Board with documented proof of the ages of at least one age 55 or over resident that will occupy the living unit after the sale.

In all the foregoing cases, the Board must be furnished one copy of any one of the required documents under Section 10. below

The foregoing including age documentation, while appearing restrictive, is required by HUD. See Section 9 below. The Board must maintain complete and up-to-date age records for every residence, whether owner occupied, vacant or rented. The percentage of age 55 or over residents as required in the filed Declaration of Restrictions is very important to be able to prove compliance with HUD regulations.

All prospective buyers and renters from the Grantor or from current owners are to be alerted in writing that age verification surveys will be undertaken prior to the first occupation and periodically thereafter.

The Board will notify all local realtors in writing of the restrictions in CCE.

2. HUD 100.306(a)(3). Lease provisions are mandated.

CCEHA Policy and Procedure. All owners seeking to rent or lease their properties must advise prospective renters by inclusion of written language in the lease of the Declaration of Restriction age 55 or over restriction including the percentage specified in the filed Declaration of Restrictions. Rental to anyone where no resident is at least age 55 requires Board approval.

No properties can be rented to anyone who will not furnish documentation required in Section 10 below and certify in writing that they will be in compliance (at least one person living there must be age 55 or over). Further, the renters must be notified in the lease that age verification surveys will be undertaken periodically. The lease must state that non-compliance of renters will be cause for lease cancellation. No current renters will be allowed to renew their lease unless they can show compliance with the foregoing. Owners who are now renting must immediately notify their tenants in writing of this requirement and any new lease will require the certification in Appendix I.

3. HUD 100.306(a)(4). Written rules, regulations, covenants, deed or other restrictions are mandated.

CCEHA Policy and Procedure. The filed Declaration of Restrictions is in compliance with HUD requirements and will be enforced by the CCEHA Board. These policies and procedures are also intended to comply with HUD requirements for written policies and procedures. These policies and procedures will be furnished to all existing and prospective homeowners

4. HUD 100.306(a)(5)&(6). The maintenance and consistent application of relevant procedures is required and the actual practice of the community is important.

CCEHA Policy and Procedure. It is the stated policy of the Board of the Country Club Estates Homeowners Association to vigorously follow and enforce these policies and procedures.

5. HUD 100.306(a)(7). Public posting in common areas of statements describing the community as housing for persons 55 years of age or older is required.

CCEHA Policy and Procedure. The Board will assure that such notice is posted inside and outside any community clubhouse owned by the CCEHA. The Board will further work with the Grantor and owners to see: 1. that such notice is posted in any office dealing with sales and promotion of CCEHA. 2. that such notice is posted in all model and other homes open to the public. 3. that any realtors dealing with sales in Country Club Estates post such notice in the homes they are showing and be prominently mentioned in any literature and fact sheets pertaining thereto. 4. that the Board considers any Grantor website to be a virtual common area and will make such notice prominently in the website.

6. HUD 100.306(b). Phrases such as “adult community” or similar statements in any written advertisement or prospectus are not consistent with the intent that the community intends to operate as housing for persons 55 years of age or older.

CCEHA Policy and Procedure. The Board will work with the Grantor to change any such wording in existing and future indoor and outdoor advertising including promotional banners, signs, displays, websites and prospectuses.

7. HUD 100.306(c). Language in any deed or other community document must be consistent with the intent to provide housing for persons who are 55 years of age or over.

CCEHA Policy and Procedure. The Board believes that the filed Declaration of Restrictions, the bylaws and these policies and procedures are in compliance with this HUD requirement.

8. HUD 100.306(d). A community may allow occupancy by families with children as long as it meets the requirements of Secs. 100.305 and 100.306(a).

CCEHA Policy and Procedure. The Board believes that the filed Declaration of Restrictions stating “No person under the age of 18 years may reside in or occupy a living unit, provided that temporary stays are permitted up to a total of sixty (60) days in a calendar year. The number of permanent residents shall be no more than three.” is in compliance with HUD requirements. The verification of age surveys will require information on persons under age 18.

HUD 100.307 Verification of occupancy is required.

9. HUD 100.307(a). In order for a community to qualify as housing for persons 55 years of age or older, it must be able to produce, in response to a complaint filed under this title, verification of compliance with Sec.100.305 through reliable surveys and affidavits.

CCEHA Policy and Procedure. The Board of CCEHA will undertake a comprehensive age survey of all living units in CCEHA immediately upon adoption of these policies and procedures. The Board will appoint a committee to undertake such a survey in strict accordance with HUD requirements and these policies and procedures.

10. HUD 100.307(b). A community shall within 180 days of the effective date of this rule, develop procedures for routinely determining the occupancy of each unit, including the identification of whether at least one occupant is 55 years of age or older. Such procedures may be part of a normal leasing or purchasing agreement.

CCEHA Policy and Procedure. The process for compliance with this provision is as follows:

Existing housing: All members of CCEHA and residents in CCE will be notified in writing by the Board that they will be undertaking a comprehensive door to door age survey of all living units. The Committee performing the survey will develop a standard form for all needed information and will assure that records of all survey results will be preserved for future information and to document compliance with the HUD procedures. A copy of any one of the following documents is required for verification of age of at least one age 55 or older resident.

Information to be acquired is:

Age of at least one occupant age 55 or older as verified by:

- Driver's license
- Birth Certificate
- Passport
- Immigration card
- Military Identification

Any other state, local, national or international official documents containing a birth date of comparable reliability.

A certification in a lease, application, affidavit, or other document signed by any member of the household age 18 or older asserting that at least one person in the living unit is 55 years of age or older.

The Board will consider any one of the forms of verification identified above as adequate verification of age or date of birth.

If the occupants of a particular living unit refuse to comply with the age verification procedures, the Board may, if it has sufficient evidence, consider the living unit to be occupied by at least one person 55 years of age or older. Such evidence may include:

Government records or documents, such as local household census.

Prior forms or applications.

A statement from an individual who has personal knowledge of the age of the occupants. The individual's statement must set forth the basis for such knowledge and be signed under the penalty of perjury. A sample form can be found in Appendix 1 below.

11. HUD 100.307(h). Surveys and verification procedures which comply with the requirements of this section shall be admissible in administrative and judicial proceedings for the purpose of verifying occupancy.

CCEHA Policy and Procedure. The Board will make all age verification procedures, surveys and records available by request at any administrative or judicial proceeding.

12. HUD 100.307(i). A summary of occupancy surveys shall be available for inspection upon reasonable notice and request by any person.

CCEHA Policy and Procedure Copies of the summary of any occupancy survey conducted by the Board will be made available to anyone upon written request to the Board.

13. HUD 100.305 is included below in its entirety.

Sec. 100.305 80 percent occupancy.

- (a) In order for a housing facility or community to qualify as housing for older persons under Sec. 100.304, at least 80 percent of its occupied units must be occupied by at least one person 55 years of age or older.

- (b) For purposes of this subpart, occupied unit means:

A dwelling unit that is actually occupied by one or more persons on the date that the exemption is claimed; or

A temporarily vacant unit, if the primary occupant has resided in the unit during the past year and intends to return on a periodic basis.

- (c) For purposes of this subpart, occupied by at least one person 55 years of age or older means that on the date the exemption for housing designed for persons who are 55 years of age or older is claimed:

At least one occupant of the dwelling unit is 55 years of age or older; or

If the dwelling unit is temporarily vacant, at least one of the occupants immediately prior to the date on which the unit was temporarily vacated was 55 years of age or older.

- (d) Newly constructed housing for first occupancy after March 12, 1989 need not comply with the requirements of this section until at least 25 percent of the units are occupied. For purposes of this section, newly constructed housing includes a facility or community that has been wholly unoccupied for at least 90 days prior to re-occupancy due to renovation or rehabilitation.

- (e) Housing satisfies the requirements of this section even though:

On September 13, 1988, under 80 percent of the occupied units in the housing facility or community were occupied by at least one person 55 years of age or older, provided that at least 80 percent of the units occupied by new occupants after September 13, 1988 are occupied by at least one person 55 years of age or older.

There are unoccupied units, provided that at least 80 percent of the occupied units are occupied by at least one person 55 years of age or older.

There are units occupied by employees of the housing facility or community (and family members residing in the same unit) who are under 55 years of age, provided the employees perform substantial duties related to the management or maintenance of the facility or community.

There are units occupied by persons who are necessary to provide a reasonable accommodation to disabled residents as required by Sec. 100.204 and who are under the age of 55.

For a period expiring one year from the effective date of this final regulation, there are insufficient units occupied by at least one person 55 years of age or older, but the housing facility or community, at the time the exemption is asserted: [[Page 636]] (i) Has reserved all unoccupied units for occupancy by at least one person 55 years of age or older until at least 80 percent of the units are occupied by at least one person who is 55 years of age or older; and (ii) Meets the requirements of Secs. 100.304, 100.306, and 100.307.

- (f) For purposes of the transition provision described in Sec. 100.305(e)(5), a housing facility or community may not evict, refuse to renew leases, or otherwise penalize families with children who reside in the facility or community in order to achieve occupancy of at least 80 percent of the occupied units by at least one person 55 years of age or older.
- (g) Where application of the 80 percent rule results in a fraction of a unit, that unit shall be considered to be included in the units that must be occupied by at least one person 55 years of age or older.
- (h) Each housing facility or community may determine the age restriction, if any, for units that are not occupied by at least one person 55 years of age or older, so long as the housing facility or community complies with the provisions of Sec. 100.306.

CCEHA Policy and Procedure The Board will comply with Section 100.305. Provisions of Section 100.305 will be applied in conducting and analyzing age verification surveys.

(All Board members are to sign and date upon adoption of this final Policy and Procedure.)

Board meeting Considerations

- New Business and Unfinished Business
 - Any business brought before the board requiring significant discussion, documentation, or research shall be forwarded to the board members several days in advance of the applicable board meeting. This allows sufficient time for reading, researching and/or evaluation prior to discussions within a board meeting. If this has not been done, the board may exercise the option to hold discussions until such a time as board members are prepared.
- Board meetings may be attended by any member of the homeowners association, who are in good standing on a non-participatory status.
- In the optional open session, member's comments are to be kept short to allow opportunity for other members to speak. At all times the CCEHA Discussion Ground Rules will be in effect as in the Annual meeting.

We all recognize that any job description must be flexible in its form as all of us our serving as volunteers with many other commitments and interests to fulfill. To that end nothing here is intended to be all inclusive

**Country Club Estates Homeowners Association Inc.
Rental/Lease Administrative Procedure**

Country Club Estates Homeowners Association, Inc. sets high standards for the appearance of the homes and common areas in our subdivision. The CCEHA seeks everyone's cooperation in making the community a desirable place to live

In today's economic climate we are facing an increase of rental properties that were never anticipated years ago. The main concern that most of us have is the issue of responsibility. Our association was created to preserve, maintain and protect homeowner's investments.

Conventional wisdom is that a property owner is going to take good care of his or her property because it is their own money on the line. If a loss is suffered on the value of the home due to declining property values, the owner has no choice but to take the loss. A renter, on the other hand, has nothing to lose and so has less motivation to maintain the property. Many times owners complain of renters being loud, not following the rules, and not maintaining the landscaping. . (See also Operating Guidelines of the Architectural Committee Item IX Rented Property)

While the desire continues to be individual home ownership in the community, it is understood that circumstances may necessitate a rental situation. **The Rental/Lease Registration Form can be found at the club house on on the web at www.cceha.org or www.cceha.com. This form needs to be completed by both owner and renter prior to the actual moving into a home in Country Club Estates.**

We wish to maintain a feeling of neighborliness, fairness and welcoming. We recognize that these renters are potential home buyers in our community.

The CCEHA Welcome Committee will meet and greet new renters with useful information about the Deming/Luna County area.

Appendix D
Reserve Funds/Capital Improvements
(Approved by Membership January 2025)

CCEHA's Reserve Account is for the purpose of funding the repair or replacement of its components (physical assets) and Capital Improvements. Whenever possible, CCEHA should strive to utilize operational funds before accessing reserve funds.

CCEHA shall utilize the following definition/guidelines for Capital Improvements and expenditures when accessing reserve funds.

Definition of Capital Improvements:

A capital improvement is any (i) discretionary addition to the common areas, (ii) voluntary upgrade to common area structure(s) or components or (iii) discretionary material or structure alterations that will enhance the property's value or increase its useful life.

Guidelines when using Reserve Funds for Capital Improvements:

Homeowners' approval of the majority of attendees at the CCEHA annual membership meeting must be obtained for any capital improvement/expenditure greater than \$2,500.00 when utilizing reserve funds.

If reserve funds are needed for emergent repairs to restore regular operations of common areas, repair accidental damage or is of a safety concern as determined by a majority of the board of directors, then reserve funds may be utilized without homeowners' approval.

During the yearly budgeting process, the board of directors should reference the Reserve Study's useful life component list to determine what component(s) if any require replacement or alteration.

Updated Reserve Studies should be completed every 5-7 years.
